

No land line.  
No connection.  
No problem.

# Viterion<sup>®</sup>Connect

Cellular Adapter

## Patient Benefits:

- Now patients can participate in TeleHealth without a land line.
- Works through cellular transmission to bypass any phone connection problem.
- Ideal for patients living in rural areas.
- Nationwide coverage.
- Easy to use. Just attach the phone line and the power cord.
- No preprogramming of the TeleHealth monitor required.
- Connects with both the Viterion<sup>®</sup> 100 and Viterion<sup>®</sup> 100 BGM TeleHealth monitors.
